Interim Blended Working Arrangements

HIOA has introduced an interim Blended Working Policy to offer more flexible working arrangements to all employees. We aim to strike a balance between being flexible, efficient, and resilient by facilitating blended working where practical, while enabling onsite interaction, collaboration, and support as required.

All roles in HIOA have been assessed under the criteria of business needs and role suitability for blended working. This determined the proportion of time that individuals will spend working in HIOA offices and working from home, depending on their role.

There may be a requirement to attend the office for more than the allocated number of days for training and onboarding purposes at the start of your tenure and during the probation period. Please note that HIOA's Interim Blended Working Policy will be reviewed and aligned to the Right to Request Remote Working legislation when enacted and the government's Blended Working Policy Framework for Civil and Public Service.

Further guidance on HIOA's Interim Blended Working Policy, which includes eligibility criteria will be issued to successful candidate/s.
